

Machine Learning, Deep Learning, and the Truth about AI

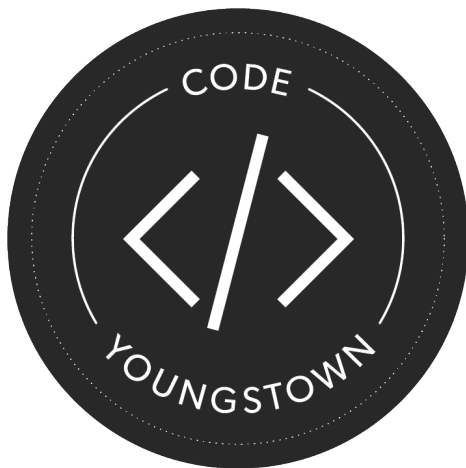

Tuesday, April 16th 2019, 6:00 PM

Meshel Hall, 422 Wick Ave, Youngstown, OH, 44503, USA

A Code Youngstown Event hosted by the CSIS Department

Code Youngstown and the Youngstown State University Computer Science and Information Systems department are excited to invite you to join us for our next tech talk - Machine Learning, Deep Learning, and the Truth about AI - Tuesday, April 16th at 6pm!

Anthony DeRose, YSU alumni and artificial intelligence enthusiast, will be giving us an entertaining two-part talk. First, the history on how video games funded the next generation of accelerated computing that benefits every field of study from physics to bio-engineering and beyond. Following that will be a “how-to” on deep-learning and the tools that you could use today to implement it in your own projects.
